

Distribution of Target Reservoir Properties

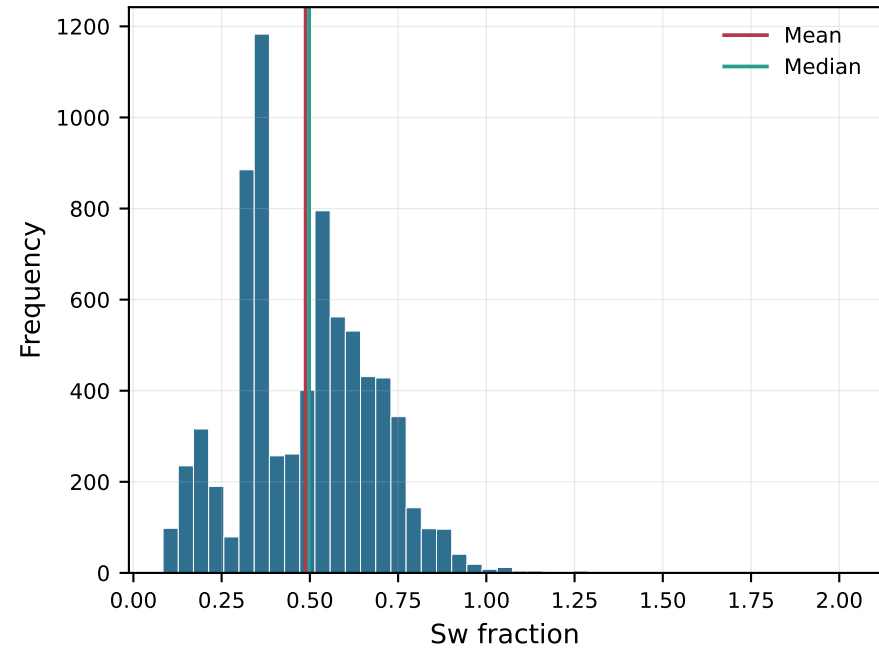

Porosity

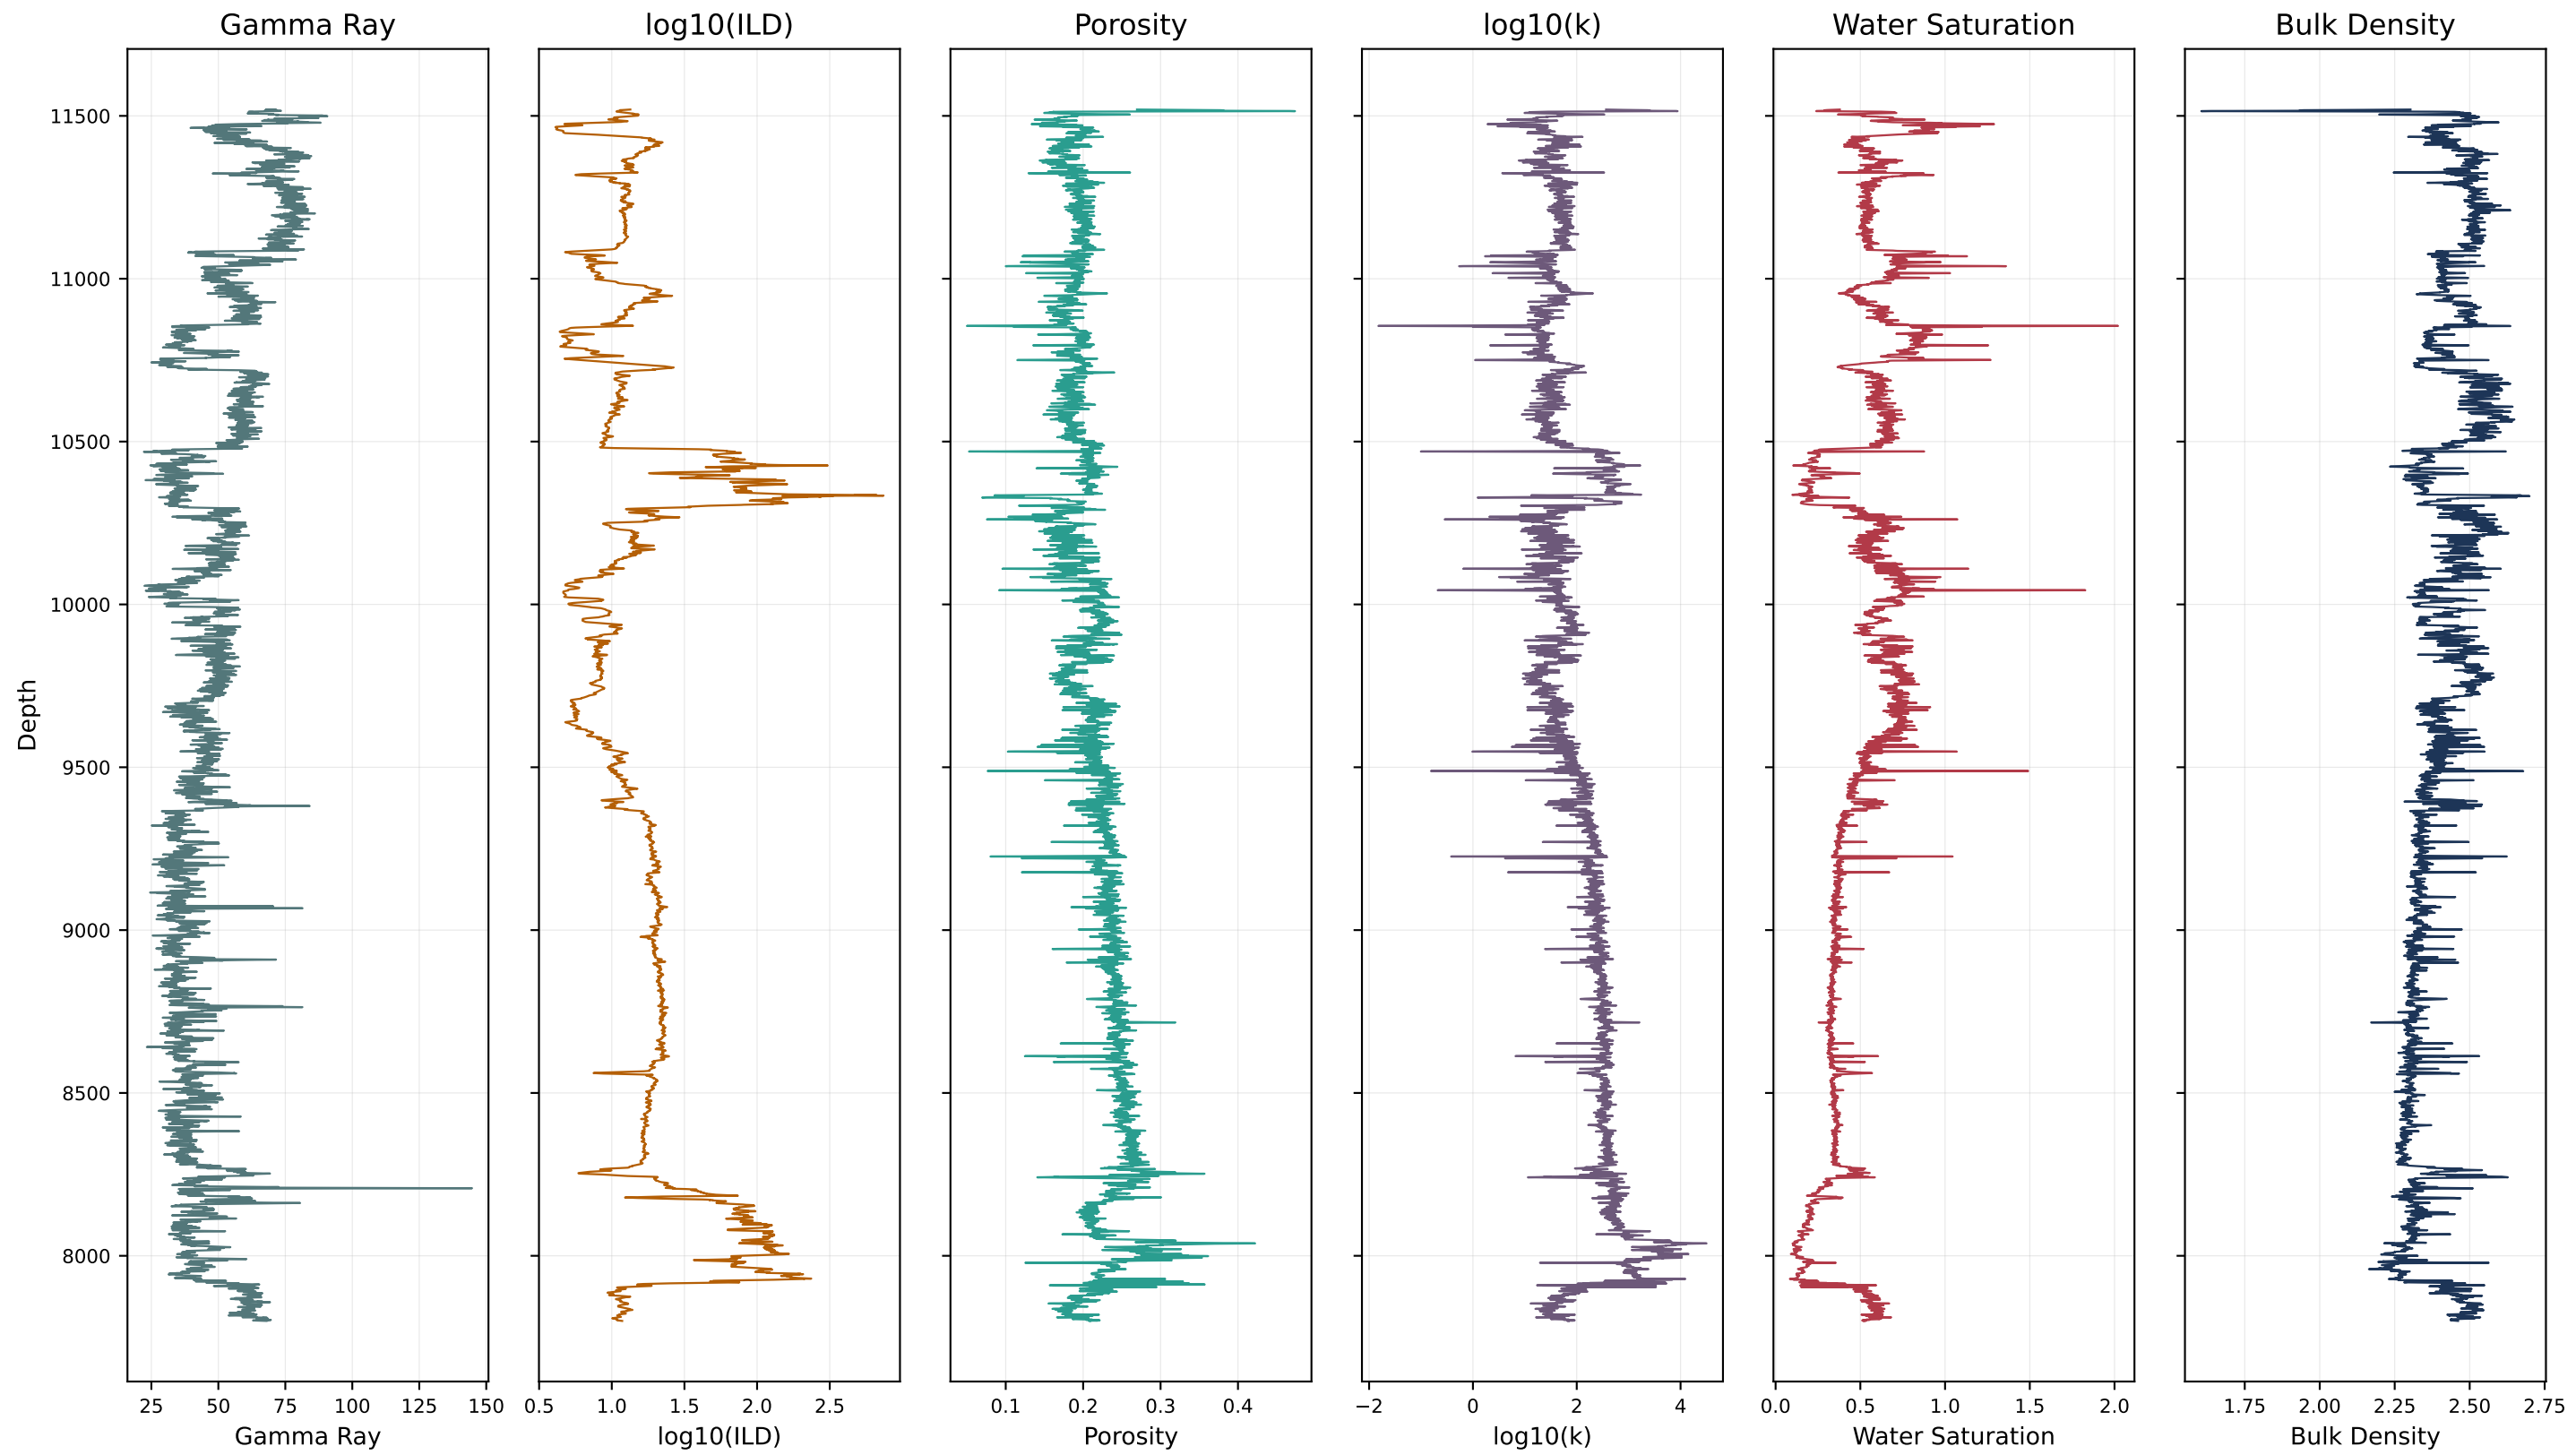

Permeability k

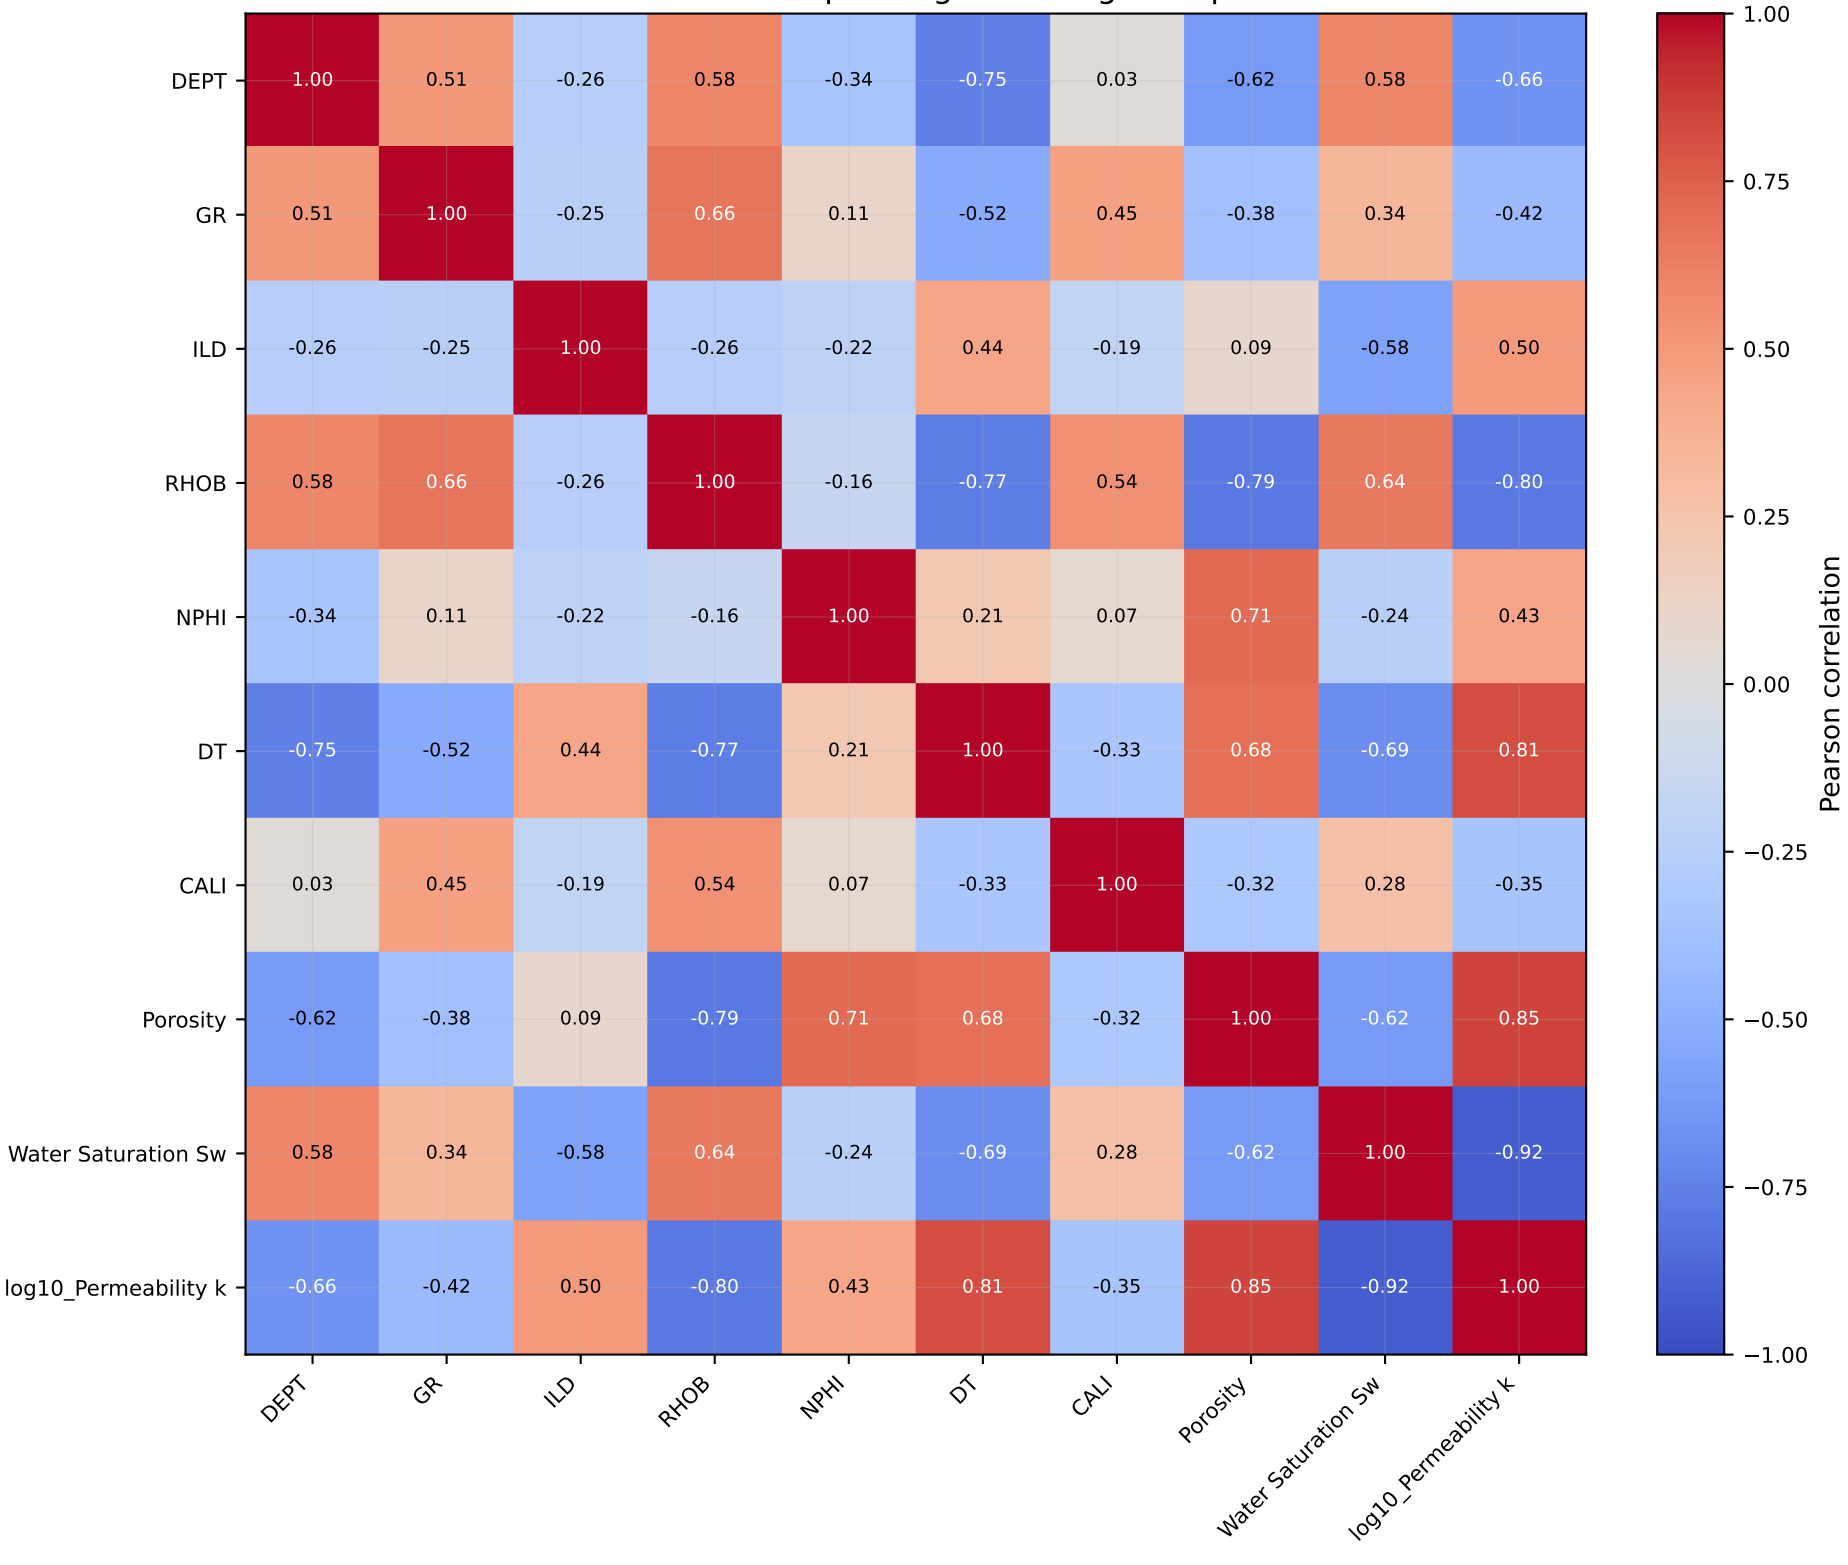

Water saturation

Well Log and Reservoir Property Profiles with Depth

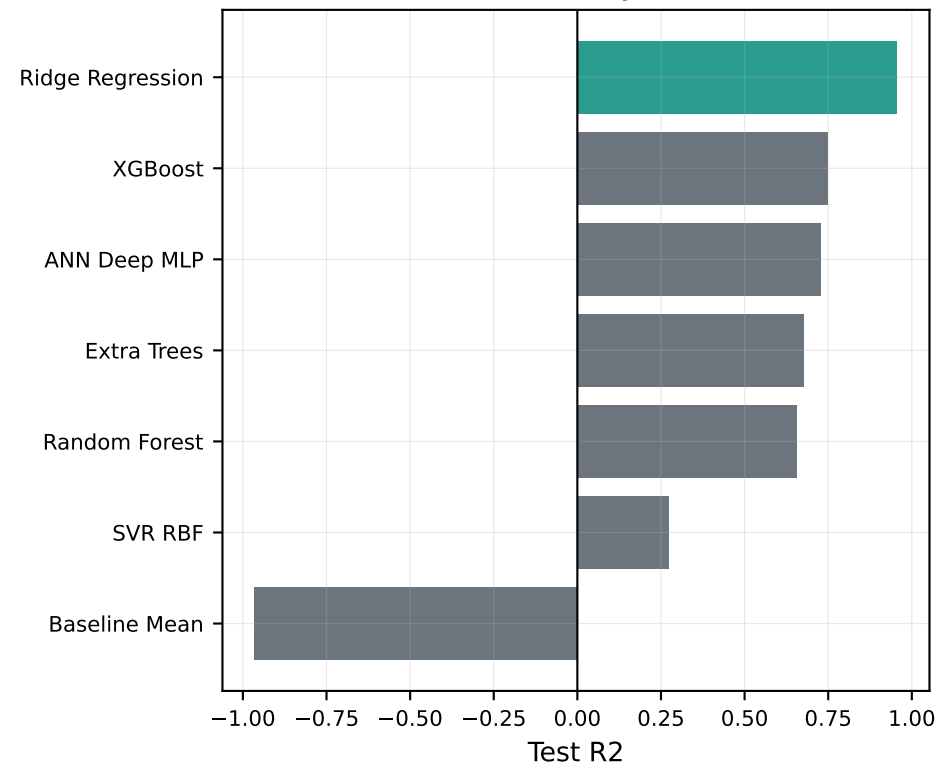

Correlation Heatmap of Logs and Target Properties

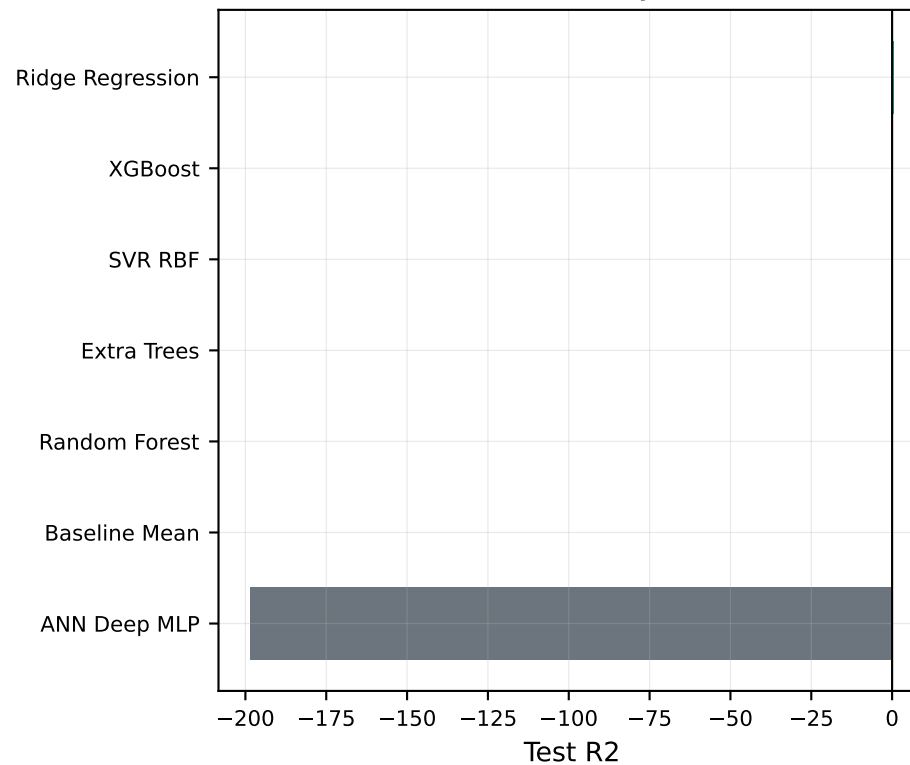

Model Comparison Using Depth-Holdout Test R2

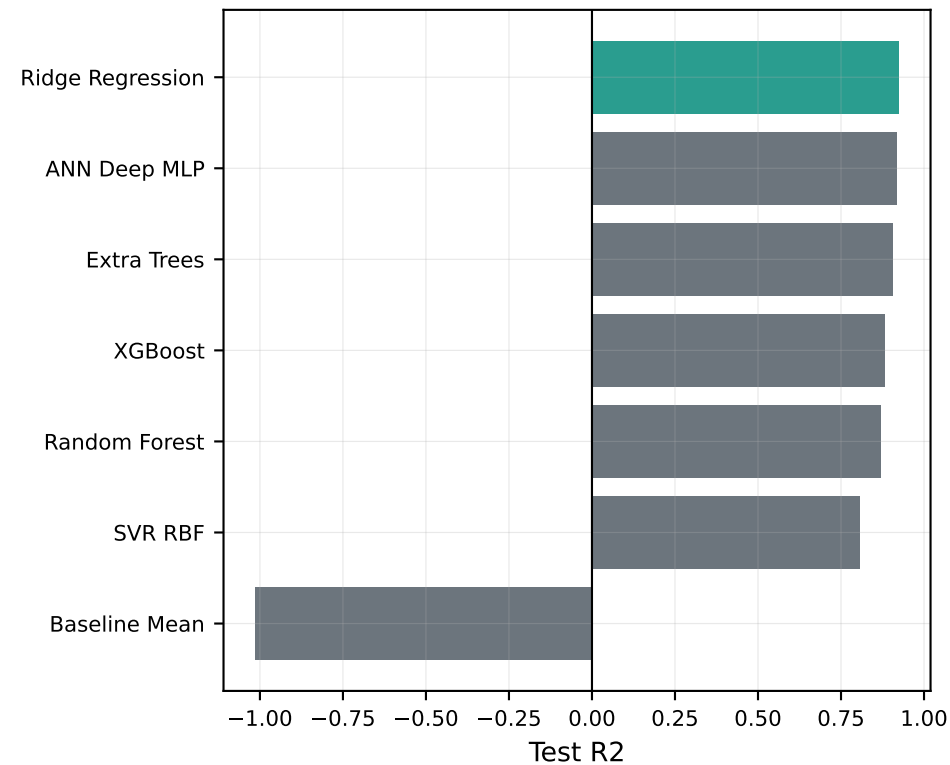

Porosity

Permeability k

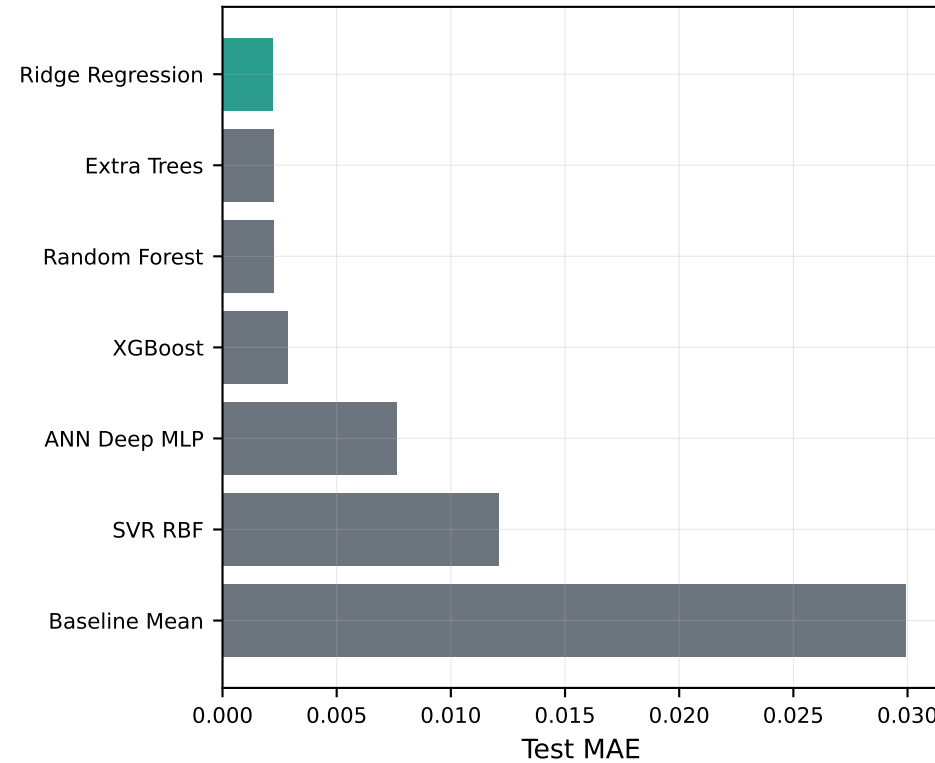

Water Saturation Sw

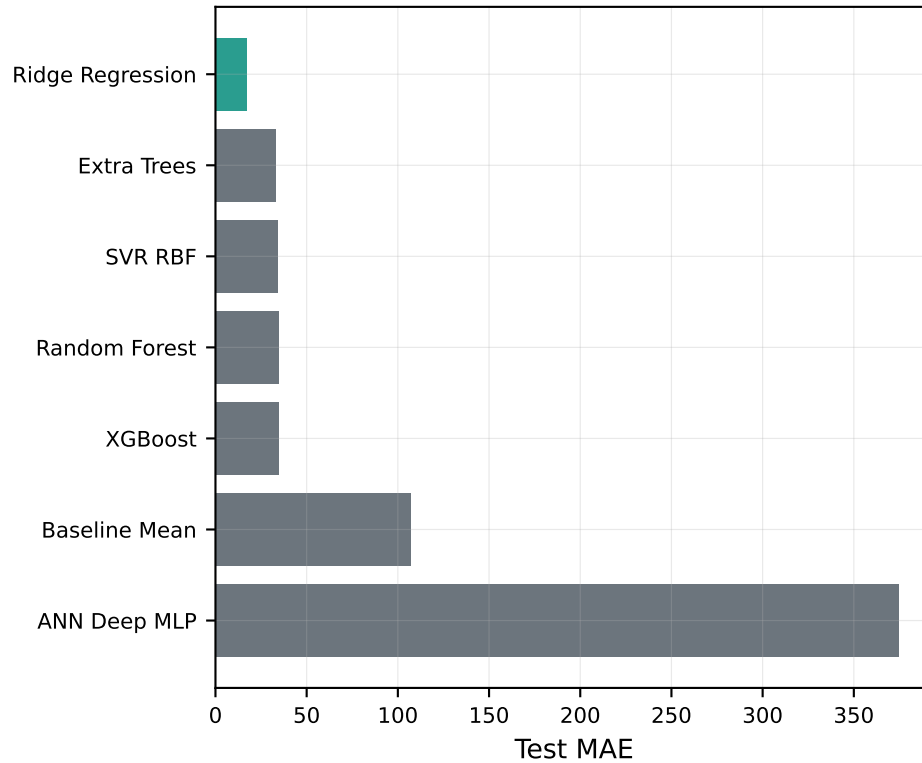

Model Comparison Using Depth-Holdout Test MAE

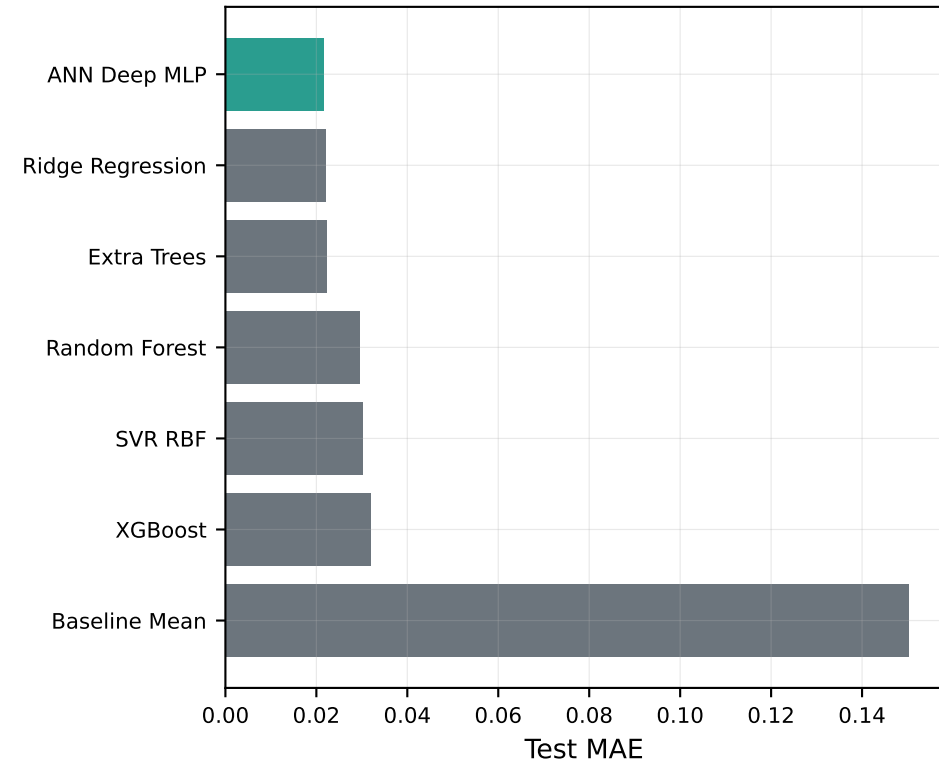

Porosity

Permeability k

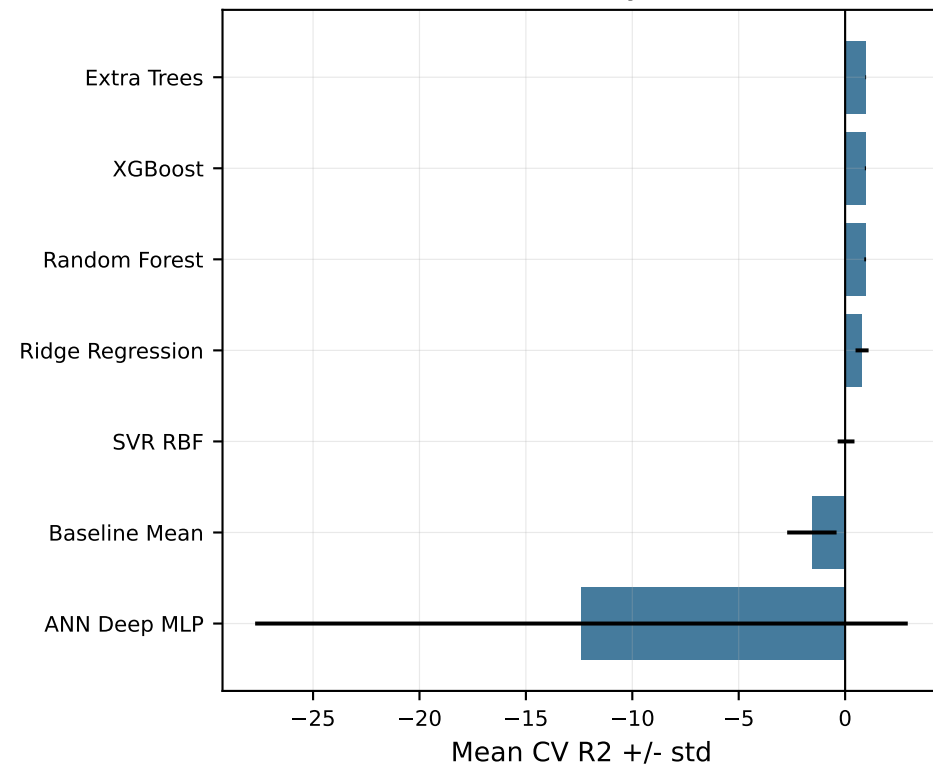

Water Saturation Sw

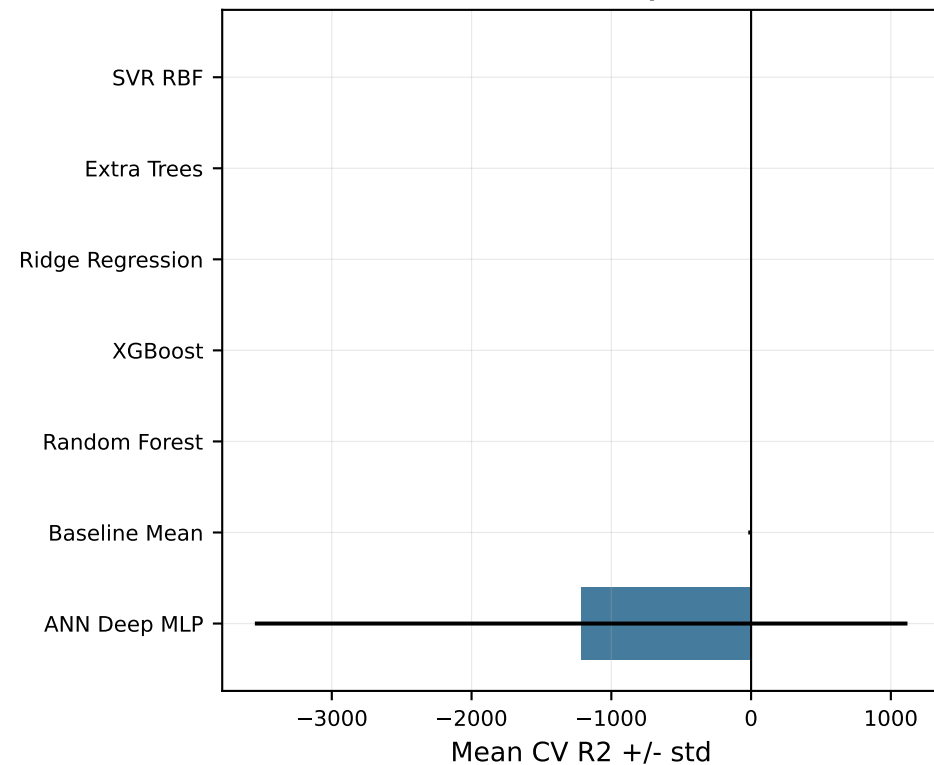

Five-Fold Depth-Ordered Cross-Validation R2

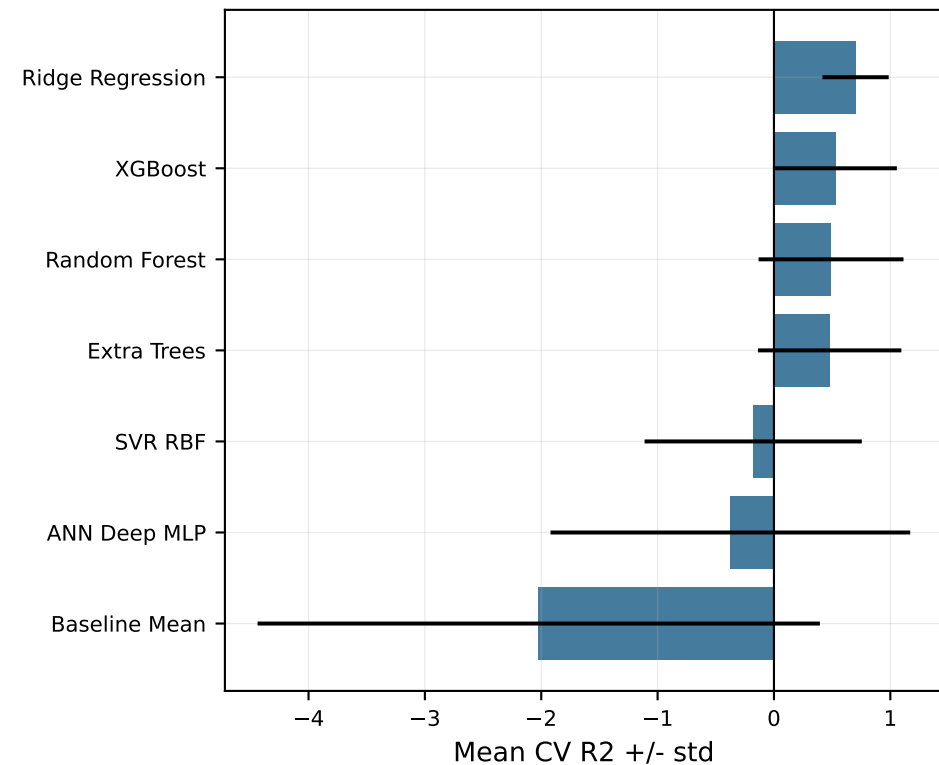

Porosity

Permeability k

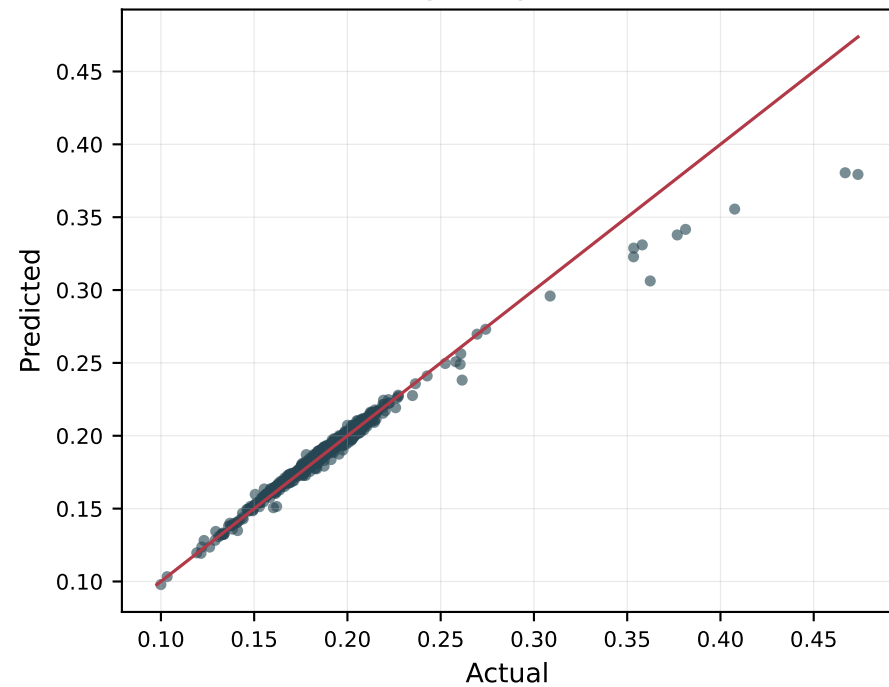

Water Saturation Sw

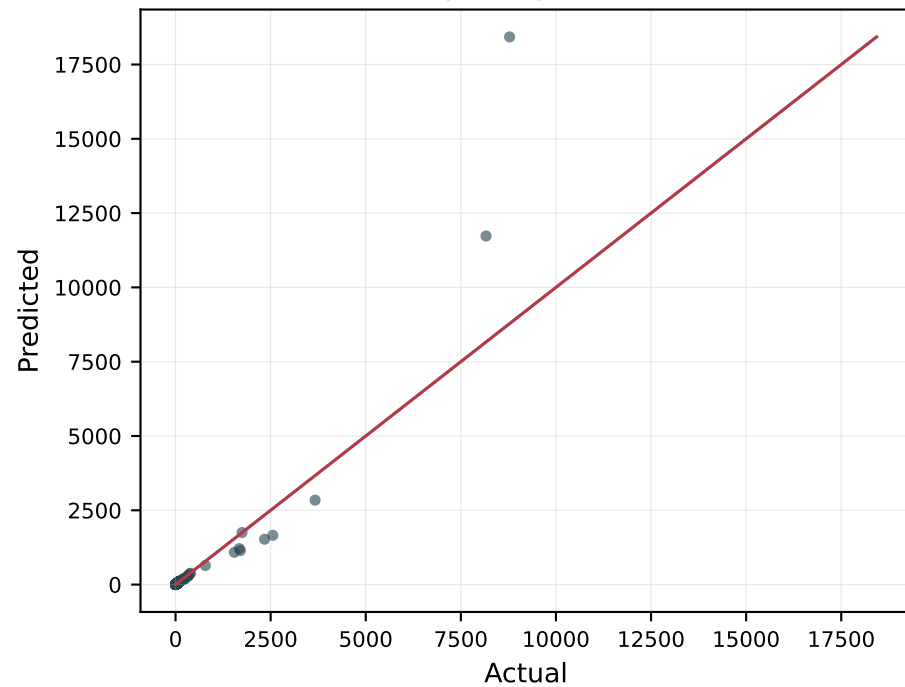

Best Model Predicted vs Actual on Depth-Holdout Test Interval

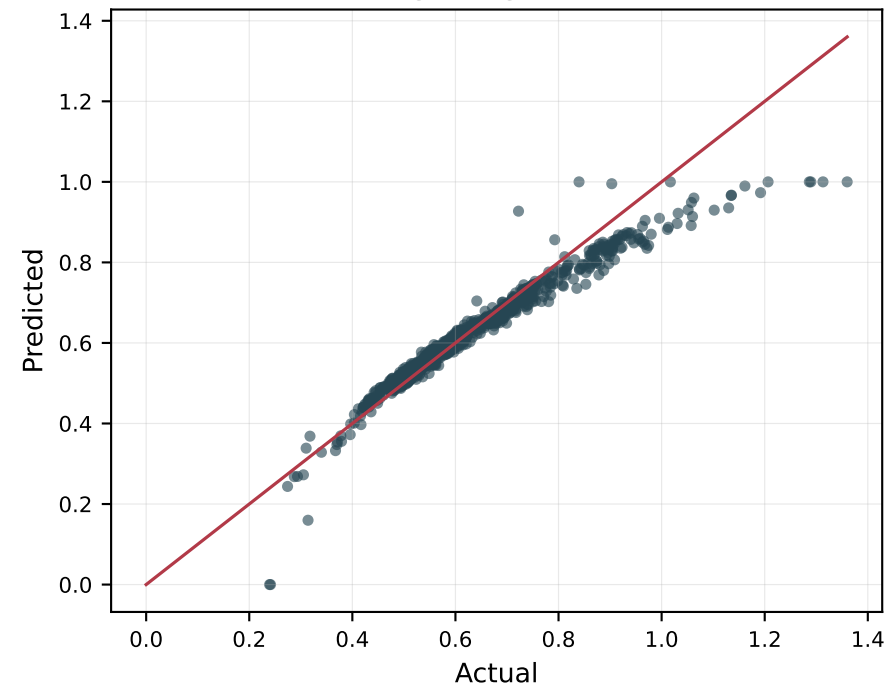

Porosity
Ridge Regression

Permeability k
Ridge Regression

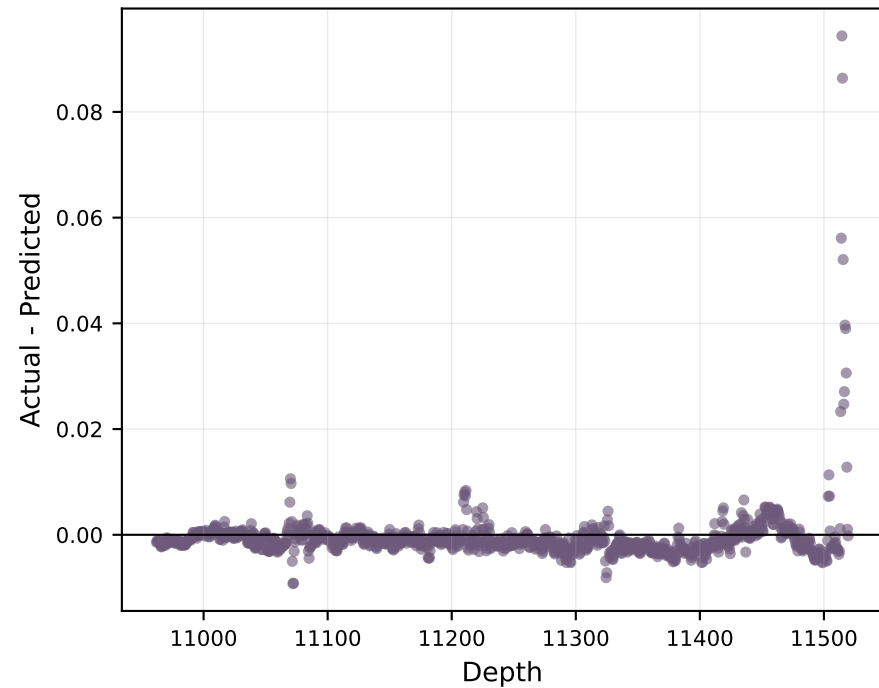

Water Saturation Sw
Ridge Regression

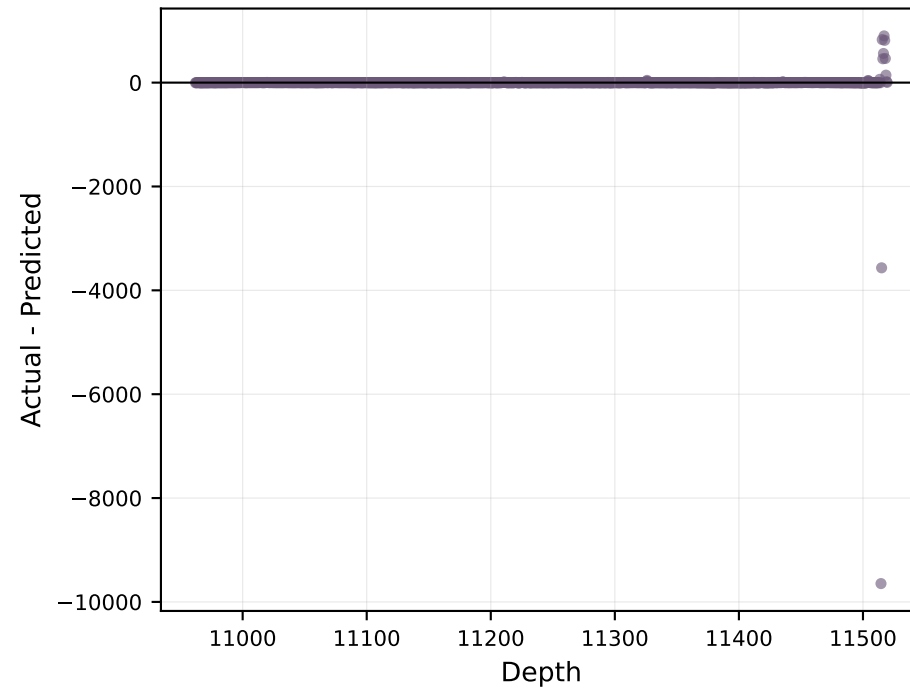

Best Model Residuals Across the Depth-Holdout Test Interval

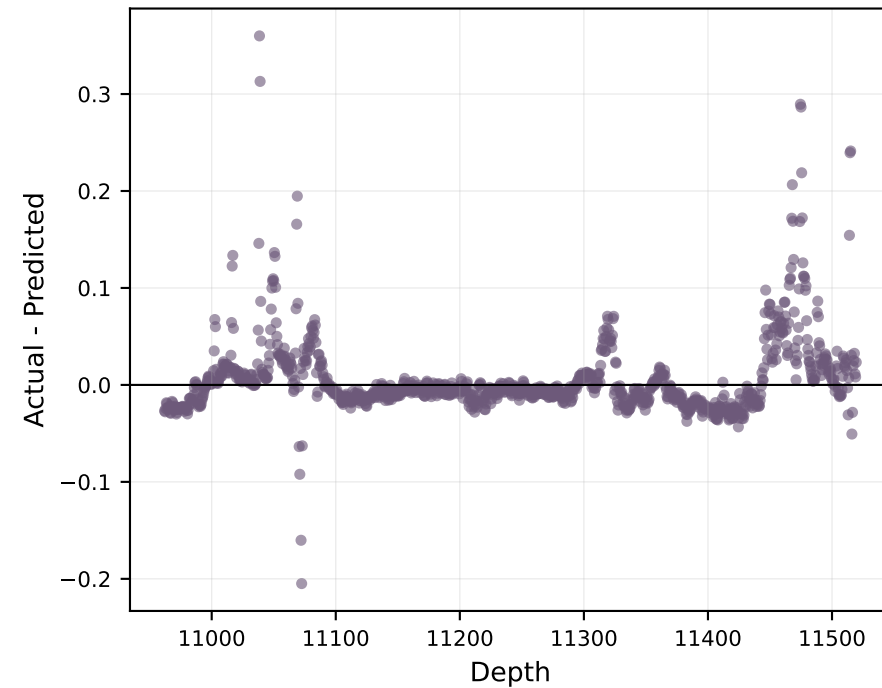

Porosity
Residual by depth

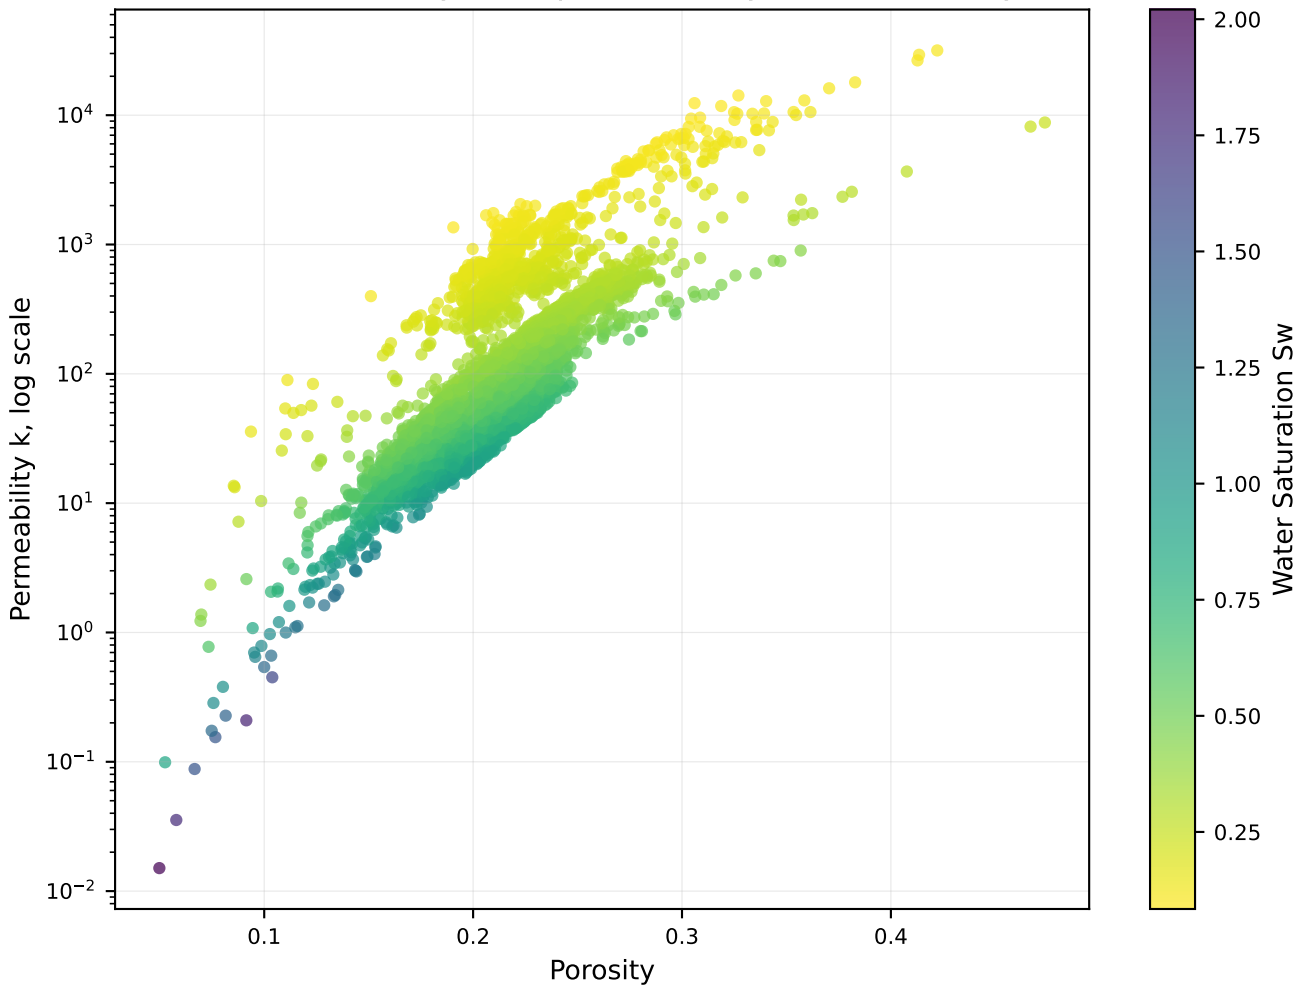

Permeability k
Residual by depth

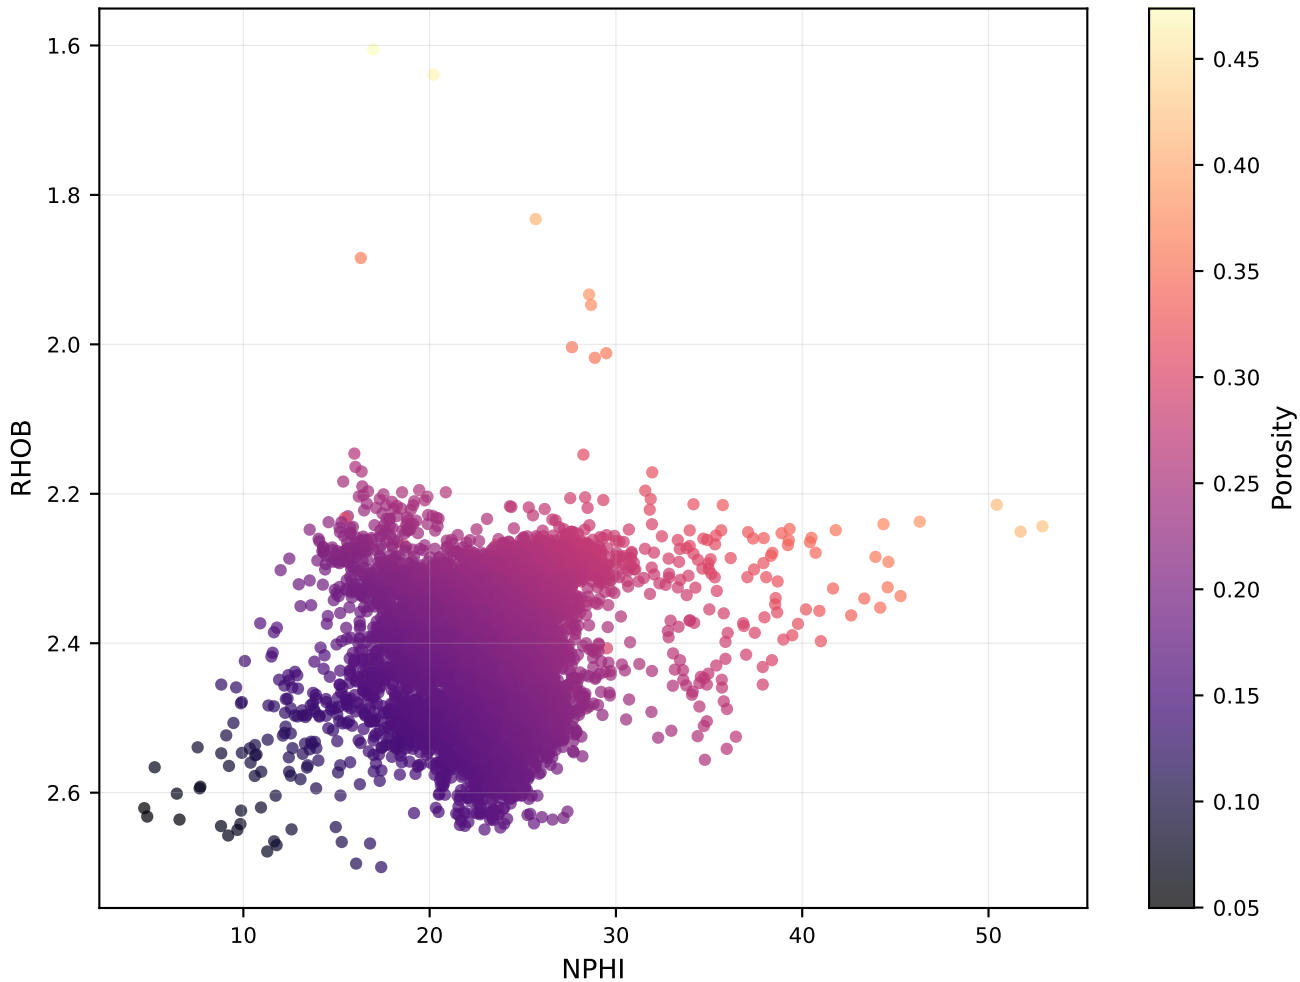

Water Saturation Sw
Residual by depth

Reservoir Quality Crossplot: Porosity vs Permeability

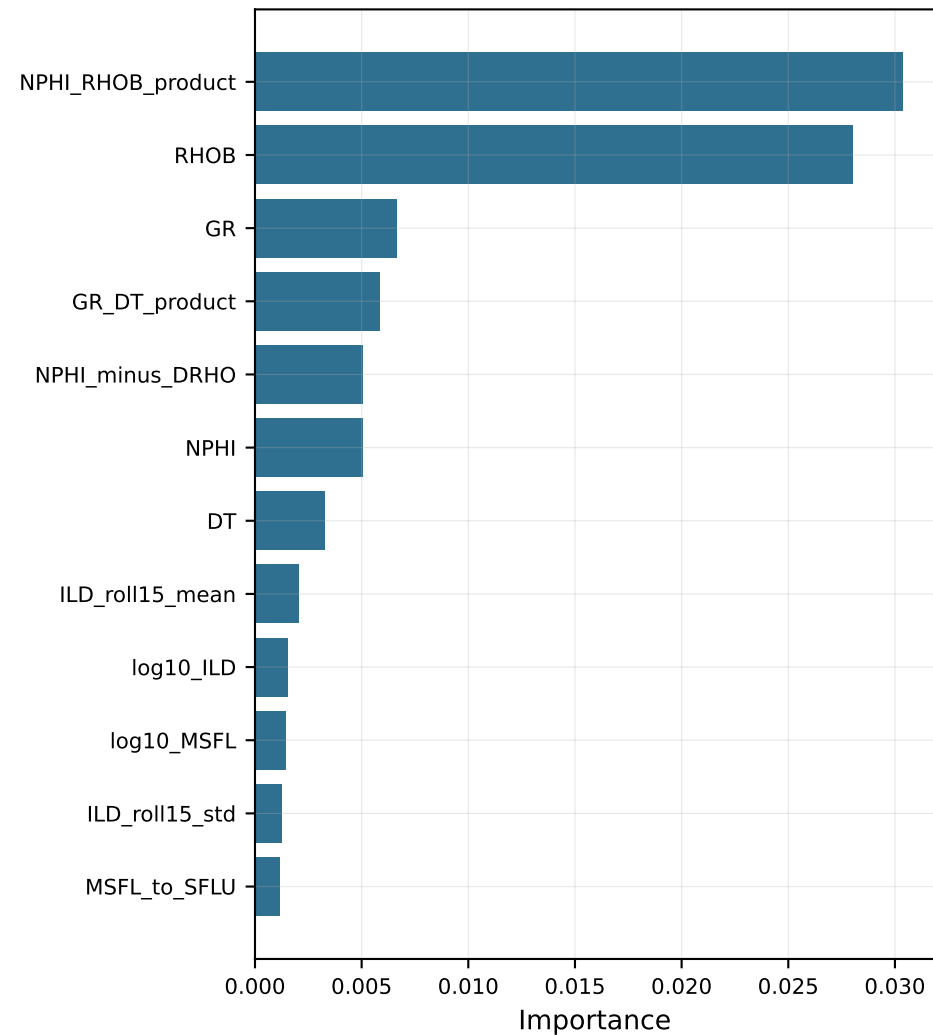

Neutron-Density Crossplot Colored by Porosity

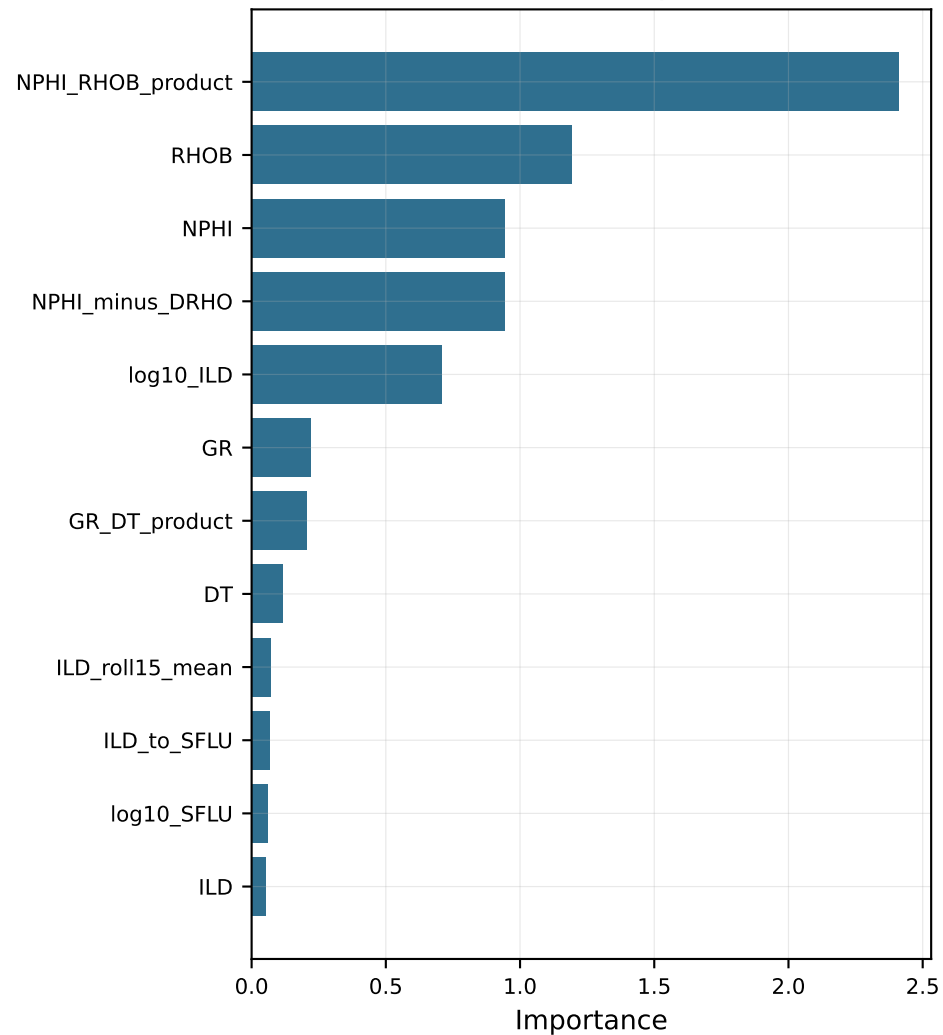

Most Important Inputs for Best Models

Porosity

Permeability k

Water Saturation Sw
